Clima Tech 4400 - 1-1/2" Door

Precise Thermal Break **1**

Increased thermal efficiency is achieved by our conduction-resistant thermal break.

Reinforced Mounting Steel **2**

Triple-reinforced steel fold extends across the entire section for robust hardware mounting. An internal steel layer creates additional stability.

Insulated Tongue & Groove **3**

Joints are sealed with insulating foam and joint tape to reduce air flow and heat loss.

Proprietary Urethane Blend **4**

Perfected over generations, our precisely engineered polyurethane outperforms competitors in strength, energy efficiency, and density every time.

Proprietary Safety Brackets **5**

Reinforced bottom brackets and red safety screws create a double layer of built-in protection.

A man and a woman are seen from behind, holding hands and standing on a concrete path that leads towards a modern, two-story house. The house has large windows and a balcony, with warm interior lights glowing out. The scene is set at dusk, with a soft orange and yellow light in the sky. The couple is dressed in casual attire: the man in a dark t-shirt and jeans, and the woman in a light t-shirt and jeans. The house is a light-colored, contemporary design with dark window frames and a balcony railing. The overall mood is peaceful and aspirational, suggesting a new home or a new chapter in life.
